St. John the Evangelist Regional Catholic School

52 Jefferson Street

Uniontown, PA 15401

Re: Why St. John the Evangelist Regional Catholic School is the Best

To Whom It May Concern:

During a recent CORE Team meeting with Chris Roskovensky, she requested that we provide a brief testimonial as to why we feel that St. John the Evangelist Regional Catholic School is the best. I am happy to say that, because our daughter has received so many wonderful benefits by attending this school, our praises would not fit in one letter.

Originally, we enrolled Mackenzie in Catholic School because of the decline in the education offered by the local public schools. During the Open House prior to enrollment, no less than five parents who had children enrolled in the school spoke with us, raving about their children's education. We left with all the required paperwork and the feeling that we were making the right choice for our daughter.

Two years later, we are constantly reminded that becoming a member of the community that is St. John's was, perhaps, the best choice we've ever made as parents. Each day I send my child to get a top notch education in a Christ-centered environment. We have personal relationships with her teachers, the administration and the parents of the other children in her class. Knowing that she building lifelong relationships with children and families with similar values to our own is very comforting.

The education my daughter is receiving is truly second to none. Recently, at a family picnic my child was assisting her cousin, who is two years older than her and attends the highest rated public school in Western Pennsylvania, with harder words in a book. She enjoys learning and growing in her faith, which is a testament to the team at St. John.

In closing, a simple letter will not be able to describe why St. John is the best. A visit to our annual Spaghetti Dinner or Family Bingo night may give some insight into the community our school truly is.

Sincerely,

Rikki Concannon
